

INTERNATIONAL JUJSKEI NEWS

IJF Newsletter #5

June 2022

The President's Global Desk

Three months since the previous IJF Newsletter! We are now in the so-called 'off-season'. During this time we normally reorganise and restructure at all levels of the Jujskei organisation. May all these meetings be a success and the decisions taken be to the benefit of Jujskei.

President:
Dirk Brits

We, as the EXCO, together with members of Jujskei SA and Jujskei Namibia, had an excellent workshop during April. With the eye on the future, I believe that it was a huge success.

For me, two things stood out, which are:

- Development
- Recognition.

Development is not only for new players, it also involves national players. The same applies to the recognition given to players and officials.

This is the reason for the step taken to select IJF and World teams after a championship/tournament where tests are played. When reading this, you would already have read the circular about the selection of these teams during the coming tournament in Swakopmund, Namibia.

Utilise this period to develop new players and giving recognition when necessary.

Jakes de Jager

Erik Strauss

Gielianna Boshoff

The three Chefs de Mission during the test match series in Kroonstad, South Africa, 31 March 2022.

In This Issue

- The President's Global Desk
- The Strategic Session
- SA Senior Championships
- Namibian Schools Tournament
- Team Photos of the tests played in Kroonstad

Upcoming:

Namibian Championships: 11— 15 July, Swakopmund
USA vs South Africa doubles: July, Moroe, USA

The Strategic Session

8 - 10 April 2022

The previous workshop was held in 2016. This was long overdue, therefore, the EXCO saw the necessity to hold another workshop. It was also decided to invite two board members each from Namibia, South Africa and the USA. Due to the costs involved, the USA did not attend.

The workshop took place from 8 to 10 April 2022 in Windhoek, Namibia. Namibia Jukskei acted as host for the Exco and the guests from SA and Namibia. Thanks to Namibia Jukskei for the hospitality, delicious food and also the nice company after a hard day's work.

The following was discussed during this strategic work session:

Vision:

- Jukskei - A Sport for the World

Mission:

- To promote sustainable growth of Jukskei participation internationally

Values:

• Integrity

With integrity as one of Jukskei's core set of values, the sport Jukskei can be recognised as genuine in its dealings, is promoting sportsmanship, and most important of all provides a safe and fair environment for all those competing.

• Diversity

Everyone in our diverse community, regardless of their gender, age, race or culture, is welcome to participate in Jukskei. In Jukskei we strive to create an environment that fosters inclusion for all.

• Healthy Relationships

Genuine relationships between the players, coaches, managers and umpires generate more trust, better communication and a winning attitude. An open line of communication helps everyone to be more honest with one another, which leads to stronger team cohesion.

• Commitment

Commitment means both complete dedication from the individual players and officials to the sport of Jukskei as well as that they will support team recommendations and decisions.

Functions:

- To encourage the growth of the sport of Jukskei on a worldwide basis
- Promotion
- Training events
- Research and development
- To strive for and maintain
- Respect

Goals:

- Diversity
- Growth

Other:

Webpage

- Add the NHPA link
- Upload more YouTube videos

Newsletter

- Must be distributed to TAFISA and SADC as well
- Request countries to send Newsletter to their respective cultural organisations as well (outside Jukskei)

Training

- Thank you South Africa for making their training material available for use by the IJF at a minimal rate
- All training material must be standardised

IJF and World Teams

- IJF teams will be nominated at all official test matches in the respective divisions of Senior Men and Women and Over 50 Men and Women
- IJF World Teams will be elected every four years from players who have participated in the various tests over the past four years
- Show matches will be played between these four teams

International Test Matches

- All matches will be played in the morning and not in the afternoon

Umpires

- It is suggested that Namibia Jukskei requests Jukskei SA that some of their umpires be considered as 'trailers' or officiate during one of JSA's tournaments/championships ensuring they got some experience.

Tafisa

- Not only the IJF, but also countries benefit from being a member of this institution with all the free courses and information sessions offered by Tafisa
- However, it is a pity that we do not have the necessary funds to be able to attend any Tafisa event in person

Everyone agreed that the strategic workshop was a great success. It was worth it.

Thank you Namibia Jukskei and Jukskei South Africa who each, not only made valuable inputs, but also made a financial contribution to the success of this strategic workshop.

**Chief Operational Officer:
Daleen Roos**

SA Senior Championships

26 March - 1 April 2022

Everybody prepared for the 81st SA Senior Championships. From Western Province in the south, up to Limpopo in the north. As far as Kathu, Northern Cape, in the west up to Durban in the east. The first full blast championships in two years due to Covid-19. Also the visit of Namibia, our neighbour country.

A total of 83 teams participated in the doubles and 73 teams in the 4-player teams event.

Private Schools Sports Weekend (Namibia)

May 2022

Every year a very large sports week takes place under the guidance of Napso (Namibia Private Schools Organisation). During the week, most private schools in Namibia participate in the activities. Currently, there are about 13 private schools in the country. Usually, the activities already begin on the Wednesday and then end on the Saturday evening.

Over the years jukskei has been part of the week, and is very well represented by the schools. A secondary school and primary school division participated and this year there have been 14 teams in total.

Although jukskei was part of the activities, it was not recognised as an official school sport, but was only seen as an extracurricular activity. Namibia Junior Jukskei sent a letter to Napso earlier the year requesting the possibility that jukskei be recognised as an official school sport. The good news is that Napso had considered our request favourably and it is now officially recognised as a school sport at all private schools in Namibia.

We further asked permission to select four Napso jukskei teams namely high schools boys and girls as well as primary schools boys and girls. Napso had given permission to us and we selected four teams during this year's tournament. This gave our juniors another opportunity to be recognised for good achievements.

There are no winners named after the games, it's about participation and the gathering of schools across the country.

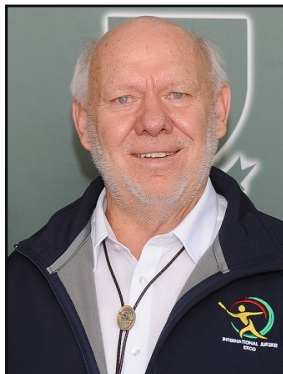

Two of the Napso teams will participate in the upcoming Namibia Jukskei Open Championships which will take place in Swakopmund during July 2022.
